As Professional Anglers we STRONGLY promote the conservation of one of the most awesome resources God has given us. At Fins-N-Grins we require the practice of CPR (Catch, Photo, and Release) and prefer our guest to get replica mounts of their trophy bass. Digital photos will be taken and sent to you upon request. Chris is a USCG Licensed Captain who is on the water an average of 300 days a year and we carry all required commercial fishing insurance. We can also accommodate all corp. or group events. Fins-N-Grins also provides all supplies for your adventure with us including drinks/snacks (be sure to let us know if you have any special needs). We use the latest equipment and tackle including GPS, Lures, Rods, Reels, and Underwater Camera Systems (used in understanding your own sonar system). Although most anglers prefer to use his/her own rods we ask they use our baits. We teach/use proven tournament tactics from "pre-fishing techniques" to adjusting for weather conditions. We have daily trips to most Lakes in the State of Alabama including but not limited to the entire Tennessee and Coosa river Chains. Fins-N-Grins also encourages families spending time together on the water. We offer discounts for husband/wife and parent/child trips and ALL children under 16 are free with paid adult. We also offer discounts for active military and law enforcement personnel. Feel free to contact us about these rates.

Rates:

- 1/2 day (4 hours) \$225.00. 1 or 2 People - \$225.00
- Full day (8 hours) \$325.00. 1 or 2 People \$325.00
- Tournament "pre-fish" (one or two people) - \$400.00 Note: this trip includes full day trip, marked maps, adjustment information and numerous choices of areas to fish. This trip will be a "true" tournament pre-fishing trip and requires a lot of fuel and last from Sun up to sun down. Fishing License Information
